Hi Marcus,

The link you send to me is from youtube based on the work done by another person. May I know if you can send me your design? If not, you may at least start now to prepare the CAD design based on your idea. We can always discuss on how to make your design work.

Thanks.

YR

Hi Marcus,

Hope this message finds you well,

I have gone through your BOM list, can you provide me with a formal quotation for the items from supplier(s) so that I can raise for requisition accordingly, it will be better if you can source it out from a sole vendor, either from 'RS Components', 'SGbotic', 'element14', 'MISUMI'

Please include me in the loop while requesting for the quotes, as I will assist you in the minor details

Thank you

Regards,

Saleem

Dear Mr Wong & Tan,

I have sourced for the required pizo-electric components for the BioMechanical Hand. The BOM List have been created. It is attached in the email. Please note that I wasn't able to get MISUMI prices. The total price is not final.

Additionally, here is the link to the BioMechanics Design and Mechanism. Please refer ["here"](#).

Hi Marcus,

Thanks for your hard work.

Hi Saleem,

As per spoken, please help to look into the list and raise PR necessary.

Best Regards

Yoke Rung
